

Eastport-South Manor District Autism Awareness Month Author Visit

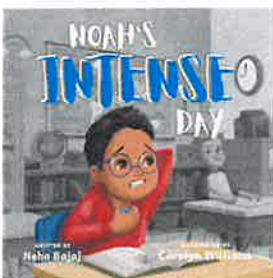

Author Visit from Children's Book Author, Neha Bajaj, on April 5th and 8th

Dear Parents,

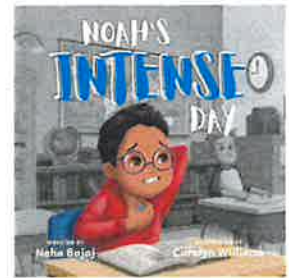

As part of our Autism Awareness month activities this year, on April 5th and 8th, we will host visiting author Neha Bajaj. In a relatable and kid-friendly manner, Neha Bajaj will discuss her book, Noah's Intense Day, which touches upon the sensory processing challenges often encountered by children with autism, ADHD and anxiety.

We will discuss the book writing and publishing process as well as how we each take in information through our senses.

If you are interested in learning more about the book, please visit www.NehaBajajAuthor.com. If you would like to purchase a signed copy for your child, please see below for payment and order details.
