Dear Parents and Guardians,

Early this morning, it was reported to Mr. Alaimo, our Principal at the Junior-Senior High School, that a verbal threat was made yesterday during the school day by a student. After his quick and thorough investigation, Mr. Alaimo established that the reported comment was made by a 7<sup>th</sup> grade student in a classroom. The student's parents were notified of the situation before the start of the school day and the student did not come to campus.

Following our procedures, once it was determined that a threat was made by an individual, we notified local law enforcement, so they can investigate the situation. Please know that the District will also address the student involved with the appropriate school consequences.

The Junior-Senior High School campus is operating under normal conditions.

Please take this opportunity to remind our children about the importance of "If You See Something, Say Something". Thank you for your continued cooperation and attention to this matter.

As always, our top priority is the safety and security of our students and staff.

Sincerely,

Joseph A. Steimel  
Superintendent of Schools
