

VAPING & EDIBLES: **A PARENT'S GUIDE TO NICOTINE AND THC PRODUCTS**

**WHAT KID'S ALREADY KNOW
THAT PARENTS SHOULD KNOW,
AND...HOW TO TALK TO THEM ABOUT IT**

The world of nicotine and THC containing products has drastically changed and now places all of our children at risk for numerous emotional, physical and social problems: addiction, mood changes, impulse control, cognitive impairment, overdoses, lung and kidney damage, and disciplinary issues.

We cordially invite you to attend this family friendly workshop.

Suffolk County Health Department Office of Health Education Public Health Educators will present a lively review of the myths and facts about vaping and edibles. We plan to bring you answers to all of your questions on vaping and cannabis use and offer resources for your concerns.

DATE: Thursday, March 30, 2023

LOCATION: ESM Jr. Sr. High School LGI Room

TIMES: 6:00 p.m.
