

SCHOOL CLUBS

SPORTS CLUB

In this club, students will get a taste for various sports. There are no games or matches, students will play for fun. The focus is on learning sportsmanship, developing a love for physical activity and demonstrating respect for each other.

LEGO ROBOTICS

Members of the Lego Robotics Team will engage in research, problem solving, coding and engineering to build and program a robot that completes specific missions.

This club is open to 5th and 6th graders only.

MAKERSPACE

Let your imagination and innovation come to life! Members will build with Legos, design with KEVA planks and get creative using 3D printers, Glowforge and Cricut.

FRIENDSHIP AMBASSADORS

Friendship Ambassadors will work together to forge relationships between students, welcome new entrants, and ensure that our school is a friendly, welcoming, inclusive environment for all.

ART AND CRAFT CLUB

If you enjoy arts and crafts, this is the club for you! Students in this club will further investigate Principles of Design as well as integrate various Elements of Art into their work. You will create artwork and help beautify the school. Students will also complete mini service projects to share with community groups.

READERS THEATER

ACTION! Members will work in groups, taking on different parts as they read their lines from stories adapted from books. They will improve their reading fluency and increase their confidence as they perform their skits among peers.

This club is open to 3rd and 4th graders only.

CULTURAL CONNECTIONS CLUBS

Pack your "passport" and get ready to travel! In this club, students will explore cultures, traditions, foods, music, and languages from around the world. Together, we'll "visit" different countries to learn something new and celebrate what makes each one unique. Students will have fun with hands-on activities, games, and projects while gaining a greater appreciation for the diverse world we live in.
