

SCOPE Education Services

In partnership with the Eastport–South Manor School District, SCOPE Education Services is exploring the possibility of offering a licensed before- and after-school childcare program at each elementary school.

If there is enough interest, the Before School Program would run from 7:00 a.m. until the start of the school day, and the After School Program would run from school dismissal until 6:30 p.m.

Children would enjoy a safe, nurturing environment led by dedicated childcare staff with a 10:1 child-to-staff ratio. Each day would include a healthy snack, dedicated homework and study time, and engaging enrichment activities such as literacy activities, club days, arts and crafts, STEAM projects, active indoor and outdoor games, and visits from special presenters.

If this program sounds like something your family might be interested in for the 2026–2027 school year, please click the link below to let us know. Your feedback will help SCOPE determine if there is sufficient interest to offer childcare in each of the elementary schools. Please fill out survey by January 31, 2026.
