**JESSICA MINTZ, Ph.D.**  
Director of K-12 Science

Dear Families,

I would like to extend my sincere congratulations to all of our students who participated in this year's Science Fair. We are incredibly proud of the effort, creativity, and enthusiasm that each student brought to their project.

This year marked an exciting step forward as we brought the grade-level Science Fair back to Eastport-South Manor. It was wonderful to see our students engage in scientific thinking, ask meaningful questions, and share their learning with others.

Participation in the Science Fair reflects important leadership qualities such as perseverance, responsibility, and a commitment to growth. To recognize this accomplishment, each student will receive a certificate to include in their *Leader in Me* binder.

We truly appreciate your support in encouraging your child throughout this process. As we move forward, we are already working on ways to continue improving and growing this event for future years.

Thank you again for being part of this meaningful experience.

Sincerely,

Dr. Mintz
