

Senior Class of 2026 – Help Us Create a Hollywood Red Carpet Experience!

Good morning,

The Senior Class is excited to begin a brand-new tradition, and we need your help to make it unforgettable. Our goal is to transform the building into a full Hollywood red carpet experience—covering walls, lockers, and floors to create a truly immersive night for the Class of 2026.

To bring this vision to life, we are looking for parents and family members of seniors to lend a hand. We will need all hands on deck on **June 16th and June 17th** to help set up and prepare the space. As a thank you, all volunteers will receive **VIP access**—permission to enter the building on the night of the event to take photos and experience the transformation.

If you're interested in helping, please consider attending our next planning meeting:

May 14th at 5:00 PM in Room 1535

Your input will be incredibly valuable as we develop an action plan. If you are unable to attend the meeting but would still like to help decorate in June, please email Mrs. Appel at appelb@esmonline.org.

We are also seeking donations to help bring our Hollywood theme to life. We are looking for items such as:

- Red carpet runners, velvet ropes, and stanchions
- Photo backdrops
- Lighting equipment (spotlights, string lights)
- Props (director's chairs, clapperboards, vintage cameras, celebrity cutouts)

If you have any of these items or happen to come across them at garage sales; we would greatly appreciate your support. Monetary donations are also welcome, and every contribution will help us create a night our seniors will never forget.

Thank you for your continued support of our students and school community. We hope to see many of you involved in making this special event a success!

Warm regards,

Mrs. Appel and Mrs. Tribble
