

The background features a dark blue wall with several wooden bookshelves. The shelves are filled with colorful, stylized books of various sizes and colors (blue, orange, purple, brown). Some books have illustrations on their covers, such as a swan, a rabbit, a bear, and a cat. There are also potted plants: a green succulent in a white pot on the top left, and a green plant with round leaves in an orange pot on the right side. The overall theme is a cozy library or bookstore.
