Dear Tuttle Avenue Families:

I'd like to be the first to welcome you and your family to Tuttle Avenue School! Your child is about to embark on a wonderful journey full of new and exciting experiences related to learning and social and emotional growth.

We are beginning the process of classroom/student placement for the 2026-2027 school year. Student placement is made with careful consideration, incorporating input from classroom teachers and support staff who work with your child. As we go through this process, one of our main goals is to structure our classes heterogeneously. This includes a number of variables to ensure that each section is balanced. Factors that contribute to planning are:

- The learning styles of individual students
- Recommendations from the current grade-level team and support staff
- The proportion of boys and girls
- An academic and social balance reflective of the entire grade level

No one person or factor determines the class placement of your child. Our team approach relies on the input and expertise of a variety of stakeholders who have regular contact with your child. Some of these staff members include: classroom teacher, reading specialist, psychologist/social worker, speech therapist, special area teachers and nurse.

We have confidence in our approach to classroom placement and your perspective is an important part of that method. **Although we cannot accept requests for specific teachers,** we believe that it is very important for you to provide information pertinent to your child's academic and social/emotional profile to support our team throughout the class placement procedure.

To assist this effort, your input is requested to help us with placement. **Please complete the Google Form by Sunday, June 7, 2026.** All pertinent information regarding your child's academic and social/emotional needs must be completed through the Google Form. Please do not make requests through your child's current teacher. Using the link below, we ask that you complete a form for each child you have in the school.

We appreciate your collaboration and cooperation in the class assignment process. If you have any questions, do not hesitate to contact my office at (631) 801- 3058.

Thank you,
