WEEKLY OBJECTIVES

Subject: Natural Hazards

Week #: 22

Date: 2/3/2014

Teachers: Aracri, Fine

Topic: Internal Structure of the Earth

Learning Objectives:

- Understand the basic internal structure and processes of the Earth
- Know the basic ideas behind the evidence for the theory of plate tectonics
- Understand the mechanism of plate tectonics
- Understand the relationship between plate tectonics and natural hazards

Essential Questions:

- What are the major differences between the inner and outer cores of the Earth
- How are the major properties of the asthenosphere different than the properties of the lithosphere?
- What are the three major plate boundaries?

Learning Activities (DI):

Current Event

Guided reading Chapter 2

Assessment:

Eastport-South Manor Central School District

149 Dayton Avenue • Manorville, New York 11949 • (631) 874-6720 • Fax (631) 878-6308 • www.esmonline.org
